Chorus Support: Coronavirus

Until the government says that it is safe it is important that we practice the

"SAFETY STEPS"

1. **Social distancing (6 feet apart)**

   6 feet

2. **Wash our hands properly (at least 20 seconds)**

3. **Use hand sanitizer (scrub like what you do in hand washing)**

4. **Stay home and not go out unless it is a need**

5. **Don't touch things that can make me sick (like touching my face, or the elevator button),**

6. **Wear mask properly and wash it after.**

These are things that everyone should do all the time.
