

Getting Back Out To Stores: What Do You Need to Know?

People are Wearing Masks

This can be scary at first,
but soon you will learn
that there are just people
behind those masks.

People are Lining Up 6 Feet Apart

Staying 6 feet away from
each other keeps us from
catching germs.

Things Look Different In Stores

Stores have direction signs
on the floors and cashiers
are behind plexiglass
screens.

No Touching and Hugging

We aren't hugging or
touching others right now,
keeping our distance so
we don't spread germs.

Don't Touch Your Face

Don't touch your face
with your hands or fingers
while you are out to keep
yourself clean.

Use Hand Sanitizer or Wash Afterwards

Using hand sanitizer or
doing hand washing
makes it less likely that
we could get sick.

Are you scared or anxious right now?

-Talk to your caregiver or family.
