

# Wearing a Mask

## **A Mask Can Look Scary**

Their face is covered and you can't see if they are smiling.

## **Underneath is a Real Person!**

They're the same person you know, just covered up!

## **We Wear Masks to Keep Everyone Safe**

A mask keeps the sneezes and coughs inside of it, so that they don't land on others making them sick.

## **There are Different Masks**

They all do the same thing—protect you and them.

**Are you scared or anxious right now?**

**-Talk to your caregiver or family.**

**-Or call:**
